First Call for Speakers

The organizing committee of the 1st International Congress DataFrontiers 2025, presented by the Department of Electronics and Informatics of Universidad Técnica Federico Santa María, Concepción campus, invites researchers and presenters to submit their work (abstracts) in the form of papers or talks.

DataFrontiers serves as a platform to reflect on the significance of Data Science across various domains of knowledge where the tech industry and academia converge, fostering networking, research opportunities, and business development.

The areas of interest cover all fields of Data Science, with a special focus on:

- Big Data and Advanced Analytics
- Artificial Intelligence and Machine Learning
- Digital Transformation and Business Optimization
- Cybersecurity and Data Privacy
- Finance and Smart Banking
- Health and Biotechnology
- Retail and E-commerce
- Agriculture and Environment
- Mobility, Logistics, and Smart Cities
- Education

Abstract Submission

Those interested in submitting their work can choose between poster or oral presentation. The academic committee will determine the final format of accepted submissions.

Submissions must follow these guidelines:

- The abstract should be between 200 and 250 words.
- Biography of the speaker with following information:
 - Full Name
 - Title information (Mr./ Ms./ Prof. / Dr.) or position (CEO / Manager, etc)
 - Affiliation information (Company, Organization, Institution or University) + Country
 - Research Interests or previous presentations
- Keywords: Between 3 and 5 keywords.
- Abstract should be submitted in .doc format, in Spanish or English, according to the template provided. [DOWNLOAD HERE](#)

Notifications of acceptance or rejection will be sent via email.

Link Submission

The link for submitting abstracts is as follows:

<https://easychair.org/conferences/?conf=df2025>

Or you can send the information via e-mail to contacto@datasciencecongress.cl

IMPORTANT:

Part of the value of the proposal lies in its innovation and novelty. Therefore, it is essential that it be original and not previously presented in any instance prior to DATAFRONTIERS 2025

Notifications of acceptance or rejection will be sent via email.
